Become a Fellow of the Strategy Implementation Institute

The Fellowship is the highest and most prestigious recognition from the Strategy Implementation Institute (Institute) for practitioners in the field of strategy implementation. “Fellows of the Institute” have successfully:

- Demonstrated a passion in the subject
- Proven the skills they have learned as a Strategy Implementation Professional—our online course and certification
- Exhibited a desire to continuously learn and develop.

Recognition enters you into an exclusive club as Fellows of the Institute with both the knowledge and skills to implement strategy. Recipients are accomplished leaders from a broad range of fields who have had the vision and passion to make significant and lasting contributions to the strategy implementation profession, community, and the Institute.

Implementing strategy is a rare and highly appreciated skill set that sets apart the most influential and successful leaders in business.

The Fellowship is a significant part of the Institute’s purpose to: “Develop implementation professionals around the world”.

Members who are approved to participate in the Fellowship benefit from:

- Global recognition
- Three months of mentoring by one of the co-founders of the Institute, either Antonio Nieto-Rodriguez and Robin Speculand
- Add the title after your name, “Fellow of the Strategy Implementation Institute”
- Contribution to the Strategy Implementation Body of Knowledge
- Opportunity to become a mentor to Institute members

The Institute was founded in 2020 by Antonio Nieto-Rodriguez and Robin Speculand, two global thought leaders who share a passion to develop people to be implementation professionals. As well as developing them with the skills to implement strategy, the Institute also has an online community available for members to learn, share, and grow.
